Round 1 funding built momentum for court projects: Anaconda, Fort Benton and Great Falls Parks and Rec have completed resurfacing projects, extending the reach of this grant well beyond its initial awards. Round 2 saw an increase in demand: 9 applications requested $17,896 against $6,365 available. Requests for projects already completed, or not being completed this year were not approved. Applicants were provided with alternate funding sources and options.

This funding program helped to reinforce USTA Montana's goal to be a partner and resource for local communities invested in growing tennis
